1. AML & KYC Statement

PrimeXBT operates in a number of different jurisdictions, which often have differing Anti-Money Laundering (AML) and Counter Terrorist Financing (CTF) requirements. This public statement details our approach to AML & CTF and the common practices we apply as part of our commitment to detect and prevent different types of financial crimes related to our products and services.

Therefore, our policies, procedures, and controls for the prevention of money laundering and terrorism financing are compiled in accordance with international AML/CTF laws and regulations, as well as the industry’s common practices, standards, and controls.

The AML/CTF policies and procedures apply to all officers, employees, and affiliated entities of PrimeXBT.

2. Risk Management Approach

In order to enhance our Risk Management approach, PrimeXBT has implemented a Compliance function, responsible for the elaboration of a programme and policies on the prevention of money laundering and terrorism financing.

This approach involves a number of steps to assess the most proportionate way to manage and mitigate the Money Laundering (“ML”) and Terrorism Financing (“TF”) risks faced by the PrimeXBT. These policies, include provisions with regard to the following:

- ✓ Customer Due Diligence (“CDD”), on certain categories of clients and/or when deemed necessary by the Compliance Department.
- ✓ Enhanced Due Diligence, depending on each Client’s risk profile.
- ✓ Transaction Monitoring, including the restriction of suspicious transactions.
- ✓ Suspicious Transaction Reporting, depending on the applicable/relevant jurisdiction(s).
- ✓ Oversight of third-party Affiliates, Business Introducers, and other Outsourced functions;
- ✓ Targeted AML/CTF training to our officers and employees;
- ✓ Sanctions Compliance Programme, including screenings; and
